

Comfort at work.

The evolution of professional comfort

AURA

This model is designed for professionals who spend many hours on their feet or in constant motion. Its structure promotes a more stable and relaxed gait, helping to reduce fatigue throughout the day.

It is a sports shoe that keeps pace with the real rhythm of work, without distractions or discomfort.

- Flyknit mesh to prevent chafing
- Easy Fit heel counter for easy entry
- ActiveFoam insole: impact absorption and ergonomic support
- NitroFoam midsole
